Hi Susanna,

I had the same difficulty. Perhaps we'll have better success if you share directly from the document in Word, by using the "Share" function in Word (top right corner of your screen)? If that fails, I have another idea about how to address.

# Ex. 5 - Deliberative Process

This is the link to the three documents: redline of the RE preamble and reg text, the actual comments provided, and the file RIN2070... is the template where Melissa has uploaded all the comments.

You must be signed into your EPA account to gain access to these files. Double click to open, and it will open the file into Word Online. Across the top of the screen you will see a tab "edit document", click on this and it will give you the option to edit in word. By choosing this it will open word and allow you to use word just as you would normally. The save button should have a little circular arrow which will save to this same file online. Make sure to turn on track changes so we know who has provided what.

Thanks!

Susanna

Thanks Melissa!

Lets try to set up NASA meeting for no later than Tuesday. We need to keep this moving.

Nancy

**Subject:** INTERAGENCY COMMENTS RECEIVED: Procedures for Chemical Risk Evaluation Under TSCA (RIN 2070-AK20)

Susanna, Laurel, and Ann,

Please find the first set (tranche) of interagency comments on the final rule for the Procedures for Evaluating Existing Chemical Risks Under the Toxic Substances Control Act. Attached are three documents. The first contains editorial comments to the final rule. The second contains the first set of interagency comments. The third is our template for our responses to OMB.

Susanna will post these documents to the One Drive and we'll enter our responses/edit the response document on the One Drive.

Peter has sent One Drive Instructions for everyone to follow.

Danielle indicated that DOD would be providing their comments verbally and she will set up a conference call next week

Thanks,

-Melissa
